

SUMMER AT STANLEY

Specialty Camps

For students entering grades 3rd - 8th

Join us for a fun-filled summer on the beautiful 11-acre campus of Stanley British Primary School. The specialty programs are for older children who are able to handle longer classes and more intensive experiences. Students participate in the area of endeavor for the entire week(s). Classes are taught by a talented team of Stanley BPS teachers and professionals.

Our specialty camps are designed to meet a wide variety of interests. Our teachers work hard to provide stimulating, age appropriate, hands-on activities. Students have an opportunity to explore new endeavors in a safe, supportive environment while having loads of fun! For the 2023 summer, students will remain in the same classroom space for the full day with the same students.
