Review the Online Brochure and Specialty Camps at a Glance Before Registering

The Day Camp and Specialty Camp brochures are online and available to look at now. Descriptions of the camps are available online.

All camp registrations open at 9 am on January 16th.

Your Account

If you registered for camp in previous years your account will still exist. We recommend making sure you can log into your account with the correct username and password prior to camp opening. If you have not registered before, you will need to create a new account.

STEP 1: This is the initial registration page where you will browse and select all the summer camps you want to add to your cart.

Once you find the camp you want to register for, click ADD TO CART

Registration Forms Online Only

All key information will be collected via our online system and will be required at registration. We will not have any paper forms for submission. If you are a new family, you will need to fill out the entire form for each camper before being able to complete registration.

Session Expiration

Sessions expire approximately 10 minutes after the last entry so be sure to have all your information available when you log-in online.
